

Tele-Psychotherapy in Germany (*Comment*)

Dr. Carolina Diamandis¹ and Nicole Feldmann¹

¹Affiliation not available

May 20, 2021

Abstract

Long strictly forbidden, tele-psychotherapy has now also found its way to Germany. This article is one of the first experience reports, written a year after the liberalization of this kind of medical service in all 16 German federal countries. The Feldmann Paper explains the current situation in Germany (May 2021).
