Figures S1 to S3

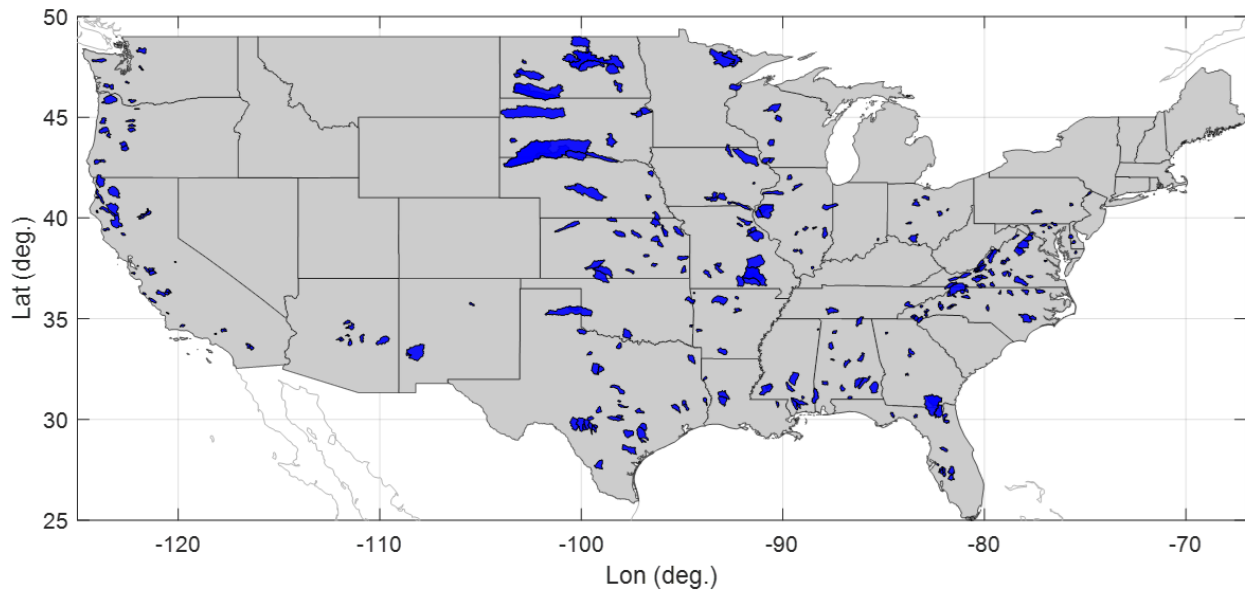

Figure S1. Location of the 328 CAMELS catchments used in this study.

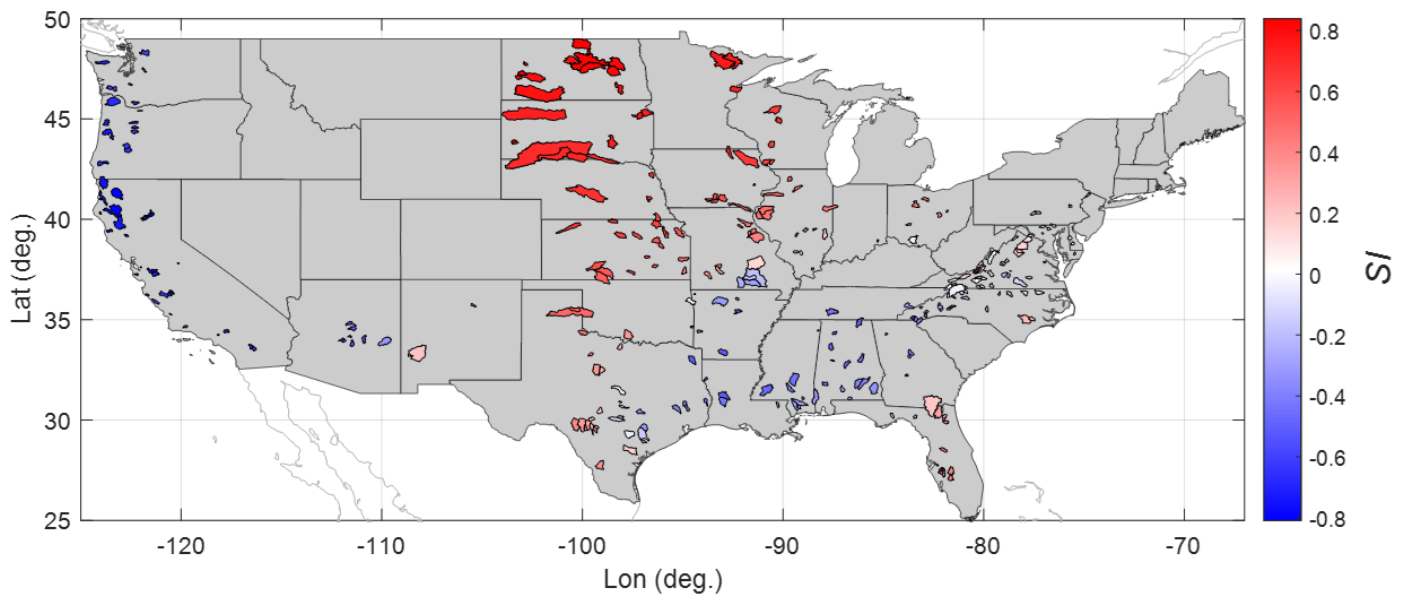

Figure S2. Selected catchments color-labeled according to the Seasonality Index (SI), from Woods et al., (2009).

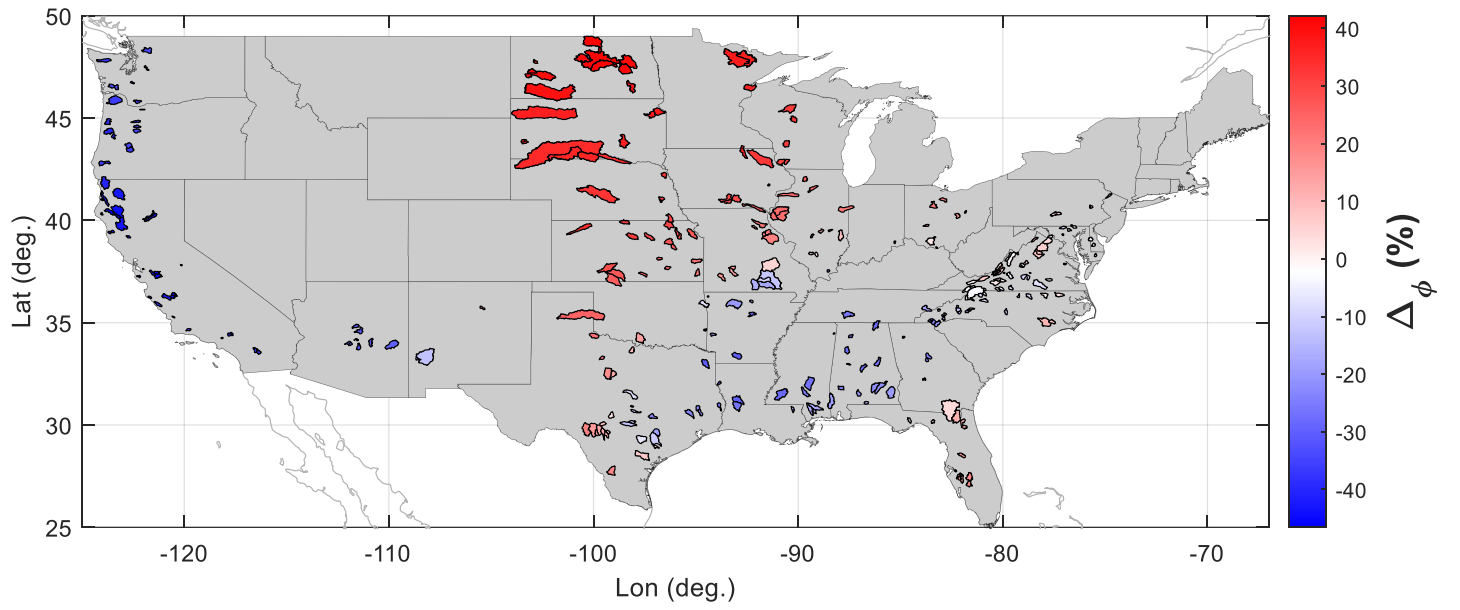

Figure S3. Selected catchments color-labeled according to the percent difference between two aridity indices, $\Delta\phi(\%) = 100 \times \frac{(\phi' - \phi)}{\phi}$.
