

Figure 2. (A) Perception of chronic disease impact on HRQoL (anaemia cohort, n = 255): (B) worsening of physical symptoms attributed to anaemia by these patients

A

Patients were asked the following question ‘Below are feelings that people who have a chronic condition, such as kidney disease, have mentioned that they can relate to. Please tell us how much these apply to you on a scale of 1 to 5, with 1 being ‘not at all’ and 5 ‘very much’.

B

Abbreviation: HRQoL, health-related quality of life.
Patients were asked the following question ‘Which of these feelings would you say is made worse by your anaemia?’
